Figure 4

Threats

- Agriculture & aquaculture
- Biological resource use
- Residential & commercial development
- Energy production & mining
- Natural system modifications
- Invasive species
- Transportation & service corridors
- Human intrusions & disturbance
- Climate change
- Pollution

Uses

- Horticulture
- Food for humans
- Medicine (human & veterinary)
- Construction materials
- Food for animals

% of threatened species

- Gathering plants
- Livestock small-holder
- Small-holder farming
- Housing & urban areas
- Mining & quarrying
- Increase in fire
- Annuals agro-industry farming
- Wood agro-industry plantations
- Tourism & recreation areas
- Invasive species
