Chinese Plates
How many examples of the Chinoiserie porcelain can you find in the gallery?

Use space 2 to make up your own design with a place that is important to you - your home, your place of birth, a city or even a favourite holiday location.

When Europeans learnt how to make porcelain for themselves, it was popular to imitate Chinese images, in a style that became known as Chinoiserie (pronounced sheen-wah-ree). There are several examples of this style as well as plates featuring more local pictures that were made in Swansea.

The first imported porcelain plates, bowls and cups were often decorated with Chinese images, such as the examples below.
