Dear Geography Postgraduate administration office,

The purpose of this letter is to support the request of a period of three years of embargo on the doctoral thesis of Tobia Tudino (SN: 630057937).

We are requesting this embargo as we aim to publish at least three articles in the next months and we consider the requested embargo as a reasonable amount of time to reach our aim.

I would be very grateful if you could consider our request.

Thank you,

Marie-Jose Messias
